EXPERIENCE

Software Development Intern

Jun 2026 – Jul 2026

TASC Outsourcing

- Built a one-click automation tool that streamlined bulk email delivery by matching employee records to their documents from an Excel sheet and sending personalized emails with PDF attachments via Outlook, replacing a manual, repetitive process and improving both speed and accuracy.
- Developed responsive web layouts using HTML5, CSS3, and Flexbox for clean, modern UI alignment.
- Applied advanced styling techniques including gradients, transitions, opacity, border-radius, and positioning.
- Built polished, reusable interfaces using pseudo-elements, selectors, display properties, and z-index with a consistent class and spacing system.
- Used Git and GitHub throughout for version control and an improved debugging workflow.

Technologies: HTML5, CSS3, JavaScript, Bootstrap, Git, GitHub, VS Code, Microsoft Excel & Outlook Automation
